Creating aesthetic solutions customized to specific needs

INTERIOR DESIGN FOR
WORKPLACE. RESTAURANTS. RETAIL. LIVING.

Xicorra Studio creates a holistic design that combine architecture, interior and object design.
Our portfolio includes projects for companies in horeca, retail and office.

Established since 2016, we believe that good space should work for people and the planet.
Our design process is based on understanding people's needs, whether communities
or employees and aligning these with your business goals. identify possible barriers.

We are with you at every stage of the project

YOU WILL NOT BE LEFT ALONE

After knowing your preferences, we will create a customized concept that will meet your expectations. We will support you at every stage of the new realization.

We are also happy to support existing projects. We will conduct an analysis and present options for new paths or upgrades.

STAGE I

First meeting

WE WANT TO KNOW YOUR EXPECTATIONS AND GOALS

The first thing is to get to know the investor's needs, functional expectations and aesthetic preferences.

We analyze and set the direction of design. We get to know the architectural structure of the building and identify possible barriers.

STAGE II

Stock-taking

DIMENSIONS AND SOLUTIONS

The point that cannot be skipped, which opens the way to the next stage of the project. Accurate dimensions are the basis of the design process.

STAGE III

Direction

FUNCTIONS AND DECISIONS

Presenting the moodboards to find the right aesthetic path. Showing a range of possibilities and choosing the right one for you.

STAGE IV

Visualizations

DISCOVER AND FEEL YOUR NEW SPACE

Using modern techniques of realistic 3d design we present designed spaces. Following the latest technologies we give you the opportunity to enter into the designed space.

STAGE V

The executive project

DECISIONS AND DOCUMENTATION

After the decisions related to visualization, we make a technical project on the basis of which budget decisions are made. Following the budget decisions, we create the full executive package.

STAGE VII

Design and build

PROJECT MANAGMENT

Overall and comprehensive control of the implementation process, regular visits to the site to check the progress of work, monitoring the status of orders. We offer our services with involvement of experienced sub constructors. We are approaching project as two independent vendors.

This way of cooperation gives you flexible and transparent project process.

STAGE VI

Supervision

IMPLEMENTATION IS THE KEY

At this stage, we support the investor at the site of the investment, carry out the author's supervision of the acceptance of individual works, and assist in the verification of contractors and suppliers.

STAGE VIII

The result

PRIDE AND SATISFACTION

We are committed to bringing you the highest standards in the market, so we come back to analyze how the space works and functions with our conceptual solutions.

We create, design and implement

Experience and good cooperation with proven contractors allow us to create and create unique projects. We focus on modern technologies and use the traditional ones in an innovative way. And this creates a unique effect.
